### FREELANCE DESIGNER

Pune, India

I have been doing freelance Product and Visual Design work for almost **6 years**. I have completed 80+ visual design projects for brands like **BhaDiPa, Colourchaap, Kalam Education**, and other independent clients. These included everything from website design to social media management. As a Freelance Product Designer, I have also helped entrepreneurs build products ground up. Some apps that I have designed independently include: **Cricfrik, Viji** (Both farmer and retailer apps), **Numici, Willbert Properties** to name a few

OCT 2022 – SEPT 2021

### INTERACTION DESIGNER at HEAD DIGITAL

Hyderabad, India

This is an organisation that pioneered Real Money Gaming in India through Products like A23 Rummy and A23 Games. My work here involved leading the UX design efforts on the newly launched A23 Games (a multi game platform that within it had Poker, Rummy, Carom,) and building a capable design team. Alongside that I also worked on redesigning some of their existing games and apps

MAY 2020 – OCT 2021

### UX DESIGNER at KETTO

Mumbai, India

At Ketto I worked on multiple fronts from re-designing the home- page to working on building an entirely new product. I was key part of the design team that worked on Ketto's "SIP", a subscription based donation program which in itself was an amazing experience, seeing the product grow from nothing to what it is now.

## UIUX DESIGN INTERN at HITWICKET

Hyderabad, India

At Hitwicket, i worked on revamping old interfaces alongside designing for new features that went into the game. Most notable work was revamping the Player info and Select Lineup pages which led to the greater player engagement in-game.

Apart from that I worked on improving the UX flows throughout the game and Introduced of a new design style which is still evident in the game.

MAY 2019 – JUN 2019

## SUMMER INTERNSHIP at TATA MOTORS

Pune, India

I had the opportunity to intern with Tata Motors, Pune for 2 months starting from 2nd May 2019 to 30th June 2019. I was assigned to work with the CMS department under Mr. Nitán Tilak and Mr. Vivek Deshpande. My projects focused mainly on Energy Management within the CVBU (Commercial Vehicles Business Unit). In these two months, I worked on projects involving Energy management in new machines to projects involving optimization of electricity usage for lighting purposes within the department. These projects presented me with huge learning opportunities and were an overall great experience.
